

Kingsthorpe College Newsletter

Edition 132

Dear Parents

It seems hard to believe we've already had approaching 20% of this school year, and this halfterm has flown by for both staff and students!

Our last week of Term 1 got off to a great start on Monday evening when we welcomed Tilly Boa, a fourth year medical student, to the College to join us for an evening which was aimed at exploring the provision we have within the College to stretch our most able students. Parents and students heard from Mr Ben Baines, Deputy Headteacher, and Miss Emma Maund, Lead Practitioner, before Tilly shared her experiences with our students. The evening was well received by all in attendance, and further details of the fantastic supercurricular programme we offer can be found on our website. These opportunities are available to all students who demonstrate a passion and interest in the subject areas on

offer.

The end of a term is always an ideal time to thank all parents and carers for their support, and for the continued feedback and challenge which you offer us. In particular, we are pleased with the attendance of our students this half-term which is significantly higher than it was this time last year. It's important that our students keep up this positive attendance as the impact of even one day's absence can have a significant impact on a student's learning.

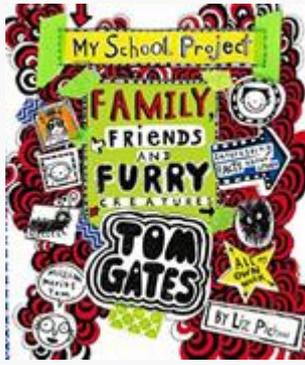

Next halfterm promises to be another busy one with trial examinations for Year 11s and Post 16 students. We will also be launching our Class of 2018 challenge and we are excited about the opportunities and support we will be able to give to both parents and students. Regular readers of the newsletter will know of the College's commitment to making sure communication is as good as it can be, and to this end we will be trialling an app which is aimed at improving the ease and efficacy of communication between home and College. More details of how you can be involved with this will follow when we return after the October break.

I wish you all a restful break and we look forward to welcoming our students back on Monday 30th October.

Mrs Giovanelli
Headteacher

**Tom Gates: Family, Friends and Furry
Creatures by Liz Pichon (BL 3.8)**

At Kingsthorpe College we have some huge Tom Gates fans and we're sure that they will love the next hilarious illustrated instalment in the series.

In Tom's newest adventure Mr Fullerman has a class assignment: a family tree! Tom's ready to learn all about the Gates family, his friends and a furry creature (or two!). But just what *is* that squeaking sound coming from Tom's shoes?

If you love funny books filled with illustrations then why not give this book a try.

Our literacy challenge winner this week is:

Ellin Baldock 90

The word of the week is...

“Coalesce” *verb*

Definition: To grow together to become one. Unite

Try and use this word in a sentence this week. My sentence is,
The tutor group had coalesced nicely, they were a real team.

Our reading hero this week is **Adam Ouhab (year 8)**. Adam has been doing lots of reading in his own time. He especially likes to stay afterschool to read and take quizzes. This week his hard work really paid off as he is one of our newest millionaire readers. So far Adam has read an amazing eighteen books with a fantastic word count of 1,008,398 words read. Well done Adam and keep up the great work.

We would also like to congratulate the following students who also this week became Accelerated word millionaires:

Arif Miah, Kacey Beckett, Harriet West, Olivia Bayliss and Eleanor Burrows.

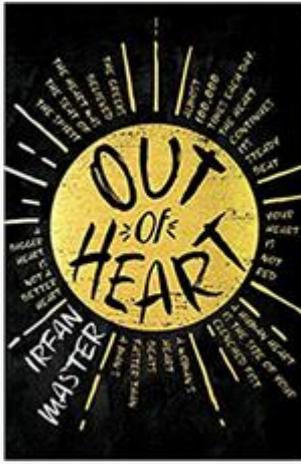

Congratulations and well done to you all. What a fantastic achievement in your first term at Kingsthorpe College.

Irfan Master Author Event 7th November 2017

On Tuesday 7th November our Year 8 and 9 students will be attending a talk and book signing by the YA author Irfan Master.

He will be coming into college to talk about his latest book *Out of Heart*

which is a powerful tale of love, strength and adversity.

Irfan's talk will be informative and thought provoking. Students will also be given the opportunity to ask Irfan lots of questions about his work and life as a successful writer.

I hope you will agree this is a wonderful treat for our students to meet such a successful author. As part of the event there will also be a chance to buy books which will be signed personally by Irfan.

For more information about Irfan's work please visit his website

www.irfanmaster.com

Mrs J Broadbent
Library Manager

We are really excited to announce that we have secured tickets for some of our year 7 and 8 students to attend this year's Into Film Festival. This festival is supported by the British Film Institute and the National Schools Partnership. It is the world's largest free film and education event for young people and its aim is to inspire the next generation of film makers. We will be taking selected students to Vue Cinema in Northampton on the 15th November to watch one of this year's

chosen films. Watch this space for more information.

Shelf help is a scheme that has been running in public libraries across the country and here at K.C. we wanted to give our students the opportunity to borrow the same book titles in this series. Shelf help is a brand new section in our school library dedicated to books that relate to mental health issues and wellbeing. It provides 13-18 year olds with a unique catalogue of 35 books recommended by health professionals. With 1 in 10 young people experiencing mental health issues, British teens are turning to books for support with anxiety, depression, eating disorders, mental health conditions and difficult life experiences.

There are also real health and wellbeing benefits to reading. Reading for pleasure has been linked to [a reduction in the symptoms of depression](#) and people who read books regularly are on average more satisfied with life, happier, and more likely to feel that [the things they do in life are worthwhile](#). (The Reading Agency, 2017) These books are all available now to borrow for free from the school library.

Northamptonshire Safety matters

Working together to keep you safe
Safety – Prevention – Protection

Issue 3: October 2017

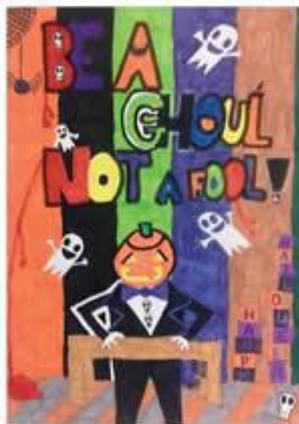

Stay alert when trick or treating!

Although Halloween and Bonfire night can be lots of fun, we want to make sure you keep safe.

Please do...

- ...keep clear of all flames such as candles and lit pumpkins, which could cause costumes to catch fire or cause burns.
- ...be careful how you dress on Halloween. Homemade costumes and some costumes bought in shops can be flammable. Check labels and buy from reputable sources.
- ...plan your trick or treat route beforehand. Only go to houses where you or your friends know the residents. Always go in groups.
- ...be cautious about eating what people give you when out trick or treating. Check with an adult when you get home.
- ...be visible – stay in areas that are well lit with street-lights. Take a torch just in case.
- ...if using candles at home, make sure they are out when you leave the room.

Poster designed by Katrina Form 6c
Oakway Junior School, Wellingborough.

Please don't...

- ...wear masks that restrict your vision. You need to be able to see clearly when crossing roads.
- ...enter any house when trick or treating, stay on the doorstep.
- ...go trick or treating without an adult. Never go alone.
- ...make lanterns from plastic bottles/containers. This would be dangerous and could result in burns and cause a fire.
- ...use real candles in lanterns and pumpkins, use battery operated lights.
- ...leave children alone with candles.
- ...knock on doors where you see a 'No trick or treat' sign.
- ...use your costumes to genuinely frighten people – particularly those who may be elderly or vulnerable.
- ...use Halloween as an excuse for antisocial behaviour by damaging property and throwing eggs

**Give children a firework night to remember...
...not one they will want to forget.**

- Sparklers burn furiously and are not suitable for children under five
- Don't drink alcohol if setting off fireworks
- Always supervise children around fireworks
- Never throw fireworks or put them in your pocket
- Only buy fireworks marked BS 7114
- Keep a bucket of water handy
- Make sure everyone stands clear of fireworks
- Never return to a lit firework
- Fireworks cannot be purchased by under 18s
- Light fireworks at arm's length, using a safety firework lighter or fuse wick

If clothing does catch fire remember: STOP, DROP and ROLL

STOP where you are. Don't run, it'll only make the fire worse. Protect your face.

DROP to the ground and lie down flat

ROLL over and over on the ground, with your arms above your head, until the flames are out.

Remember to practice **STOP-DROP-ROLL** so you don't panic if your clothes ever catch fire

Tyre safety month

October is tyre safety month. It is your responsibility to ensure your vehicle is road worthy. Tyres are very important as they are keeping you on the road, especially during the wet and icy Autumn and Winter months. Make sure your vehicle is in tip top condition for the school run by following this guide:

How to... check your air pressures

- Tyre pressures should be checked at least once a month or before a long journey. Desired pressures can be found in the vehicle handbook and on a plate which is often located inside the fuel filler cap or on the driver's door sill.
- Check the pressure when tyres are cold.
- If you are carrying a full load of passengers or luggage or will be towing a trailer or caravan, pressures should be increased in line with the vehicle manufacturer's recommendations.
- Ensure an accurate gauge.
- Make sure you use the correct pressure scale for the gauge being used (i.e. Bar, PSI or KPa).
- Check the pressure in all tyres, including the spare.
- Give the rest of the tyre a visual inspection. Remove any stones or other objects embedded in the tread. Look out for any bulges, lumps or cuts.
- Make sure to replace the valve cap.
- If in doubt about your tyres, take your vehicle to an approved fitting centre and speak to a qualified specialist.

How to... check your tread depth with the 20p test

- Tyre tread depth should be checked at least once a month, e.g. during pressure check
- Insert the 20p coin into the main tyre grooves at several places around the circumference of the tyre and across its width.
- If the outer band of the 20p coin is visible whenever you check the tread, your tread depth may be illegal and you should have them checked by a qualified tyre specialist.

For more info see
www.tyresafe.org

HAVING A GOOD OR BAD AIR DAY?

CHECK YOU HAVE THE CORRECT AIR PRESSURE IN YOUR TYRES

Your tyres will last longer • Your fuel will go further
You'll have better handling and braking • You'll improve your safety

SAFE TYRES SAVE LIVES tyresafe.org

#BeBrightBeSeen

As days are getting shorter and the weather is changing, it's very important that all road users, but particularly children, are visible when out and about. If you're a motorist then you'll know how difficult it can sometimes be to see pedestrians wearing dark clothes at night or when visibility is poor. Your child will have been learning the road safety message 'Be Bright, Be Seen' at school, and it's important that you as a parent or carer help your child to be easily seen near traffic. This is an issue for all children, especially as many school uniforms are dark. Most primary schools don't have rules about outer garments, so selecting a bright coat can help, as can providing fluorescent and reflective armbands, school bags etc.

This is a particular issue with 11 year old children who are moving up to secondary school where longer journeys are often made on foot and uniforms are usually compulsory.

There is a number of things to be done to ensure that children are safer and more visible when walking and playing outside:

1. On dull days your child can wear bright or fluorescent colours

- Special high-visibility tabards and other clothing can be bought from many retailers
- Fluorescent armbands can also be worn over coats and other clothing
- Bags are also available in bright colours or with high-visibility strips

2. If walking near traffic at night reflective clothing is needed

- Reflective clothing reflects light from car and bike headlamps
- Reflective armbands and clothing can be bought for children
- Remember that fluorescent colours do not show up in the dark

For older children who may consider fluorescent and reflective armbands and clothing 'uncool', stickers can be bought which can be put on bags or coats.

This message isn't only for children: make sure you wear bright clothing too!

If you would like for a member of the Safer Roads Team to visit your school with a road safety talk, please email Kamila Poole on Kamila.Poole@northants.pnn.police.uk

Calling all 11-14 year oldsis your school ready to do the Challenge?

Secondary school pupils across Northamptonshire are being invited to come up with bright business ideas to make the roads safer for children aged 12 to 16. Individuals in this age group are two and a half times more likely to be injured in a collision than children aged under 11.

Run by Northamptonshire Police and Northamptonshire Fire and Rescue Service, the County Schools Challenge (NCSC) sees pupils use a business approach to raise awareness and develop creative ways to tackle this problem.

Tina Collett, chair of the NCSC, said: "We chose this topic because it's a vital one for keeping our young people safe. Great road safety work goes on within primary and sixth form education, and we hope the County Schools Challenge can help support this for children aged 12 and 16.

Educating young people helps to keep them safer as pedestrians, cyclists and passengers, and when the time comes for them to learn to drive also helps them stay safer behind the wheel."

Kamila Poole of the Safer Roads Alliance, a partnership between Northamptonshire's police, fire and highways services, added:

"We are thrilled to be part of this year's County Schools Challenge. Every year pupils taking part in the challenge come up with some fantastic concepts and we're excited to see their ideas on how to improve the road safety of young people in Northamptonshire."

Launched in 2009, the NCSC is open to Key Stage 3 secondary school pupils (Years 7, 8 and 9) across Northamptonshire.

Teachers are encouraged to sign up and run in-school competitions to choose their teams. A semi-final complete with Dragon's Den-style judging panel takes place at Wootton Hall in June, followed by a grand final at The Castle Theatre, Wellingborough in July.

To find out more about the NCSC email henny.cameron@northants.pnn.police.uk or visit the Facebook page at www.facebook.com/CountySchoolsChallenge

Keeping children safe and warm!

Keeping safe:

The temperature is beginning to drop outside, and children will start to be bundled up in thick winter coats and snow-suits to keep them snug and warm in the colder weather. But did you know that you are supposed to remove your child's coat before you strap them into their car seat, and not doing so may put them in danger?

Leaving your child's coat on in the car is a problem because it creates a gap between your child and their safety harness. In a collision, the harness isn't as close to your child's body as it needs to be to allow it to properly restrain them.

To keep your children safe in the car this autumn and winter, remove their coats and jackets and pull the harness tight enough that you can just get two fingers between your child and the straps.

Keeping warm:

Despite puffy and thick coats being dangerous, children will still feel a chill when they first get in the car! There are several ways you can safely keep your child warm.

Babies

Babies should be dressed in thin layers when in the car seat, and thick or puffy snow-suits will cause the harness to fit incorrectly. Instead, use a cosy toes approved by the child seat manufacturer, or fold a thin blanket in half and tuck it tightly around your baby over the harness, once they are strapped in correctly. Make sure any blankets do not come up higher than arm pit level.

Children

Remove children's coats and jackets, and strap them into their car seat properly - then tuck a blanket around them. Your child will be able to remove the blanket if they get too hot, which they cannot do when they have their coat on, this can lead to them overheating.

Some parents may place the jacket over both their child and harness, however Good Egg Safety do not recommend doing this as it may delay removing a child from their car seat in an emergency.

Children's Hearing Test Drop-In Sessions

Concerned about a School Aged Child's Hearing?

The Children and Young People's 0-19 service have a hearing test drop-in clinic the last Thursday every month for school aged children.

School Nurses Clinic,
Manfield Court, Kettering Road, Northampton,
NN3 6NP

No appointment needed just turn up
between 8.30 a.m and 10.00 am.

The clinic may be quite busy so please be prepared to
wait.
