Aptitude Workshops 12th October

Art Workshop

The process will be divided into sections. Firstly, you will work with other students and take part in a practical workshop in an Art studio. This session will allow you to display your artistic skills by creating your own interpretation of a piece of artwork which will be provided beforehand. You will be able to choose from a range of mediums for your artwork including painting, drawing or collage - these are aimed at supporting your own artistic flare and imagination. Secondly, you will attend a short informal interview, where you will be invited to discuss your passions and interests in the subject, and why you believe you will make a great Aptitude student at KC. You should bring in a portfolio or a piece of artwork that you will share during this discussion.

Dance Workshop

The audition process will be divided into two sections. You will take part in a practical workshop with other students where staff will teach you a short sequence to perform. For the workshop you must wear comfortable clothes that you can move around in. Then you will perform a one minute solo that you have already prepared. This can be in a style of your choice that will showcase the best of your ability. We are looking for a range of technical and performance skills including alignment, stamina, and coordination, as well as confidence, focus, and musicality. Once you have performed your dance, you will be invited to discuss your passions and interests in the subject, and why you believe you will make a great Aptitude student at KC.

Drama Workshop

The audition process will be divided into two sections. You will take part in a practical workshop with other students, and then perform a monologue to a member of the Drama teaching team. For the workshop you must wear comfortable clothes that you can move around in, but you do not need to prepare anything. For the monologue, you must learn in advance one of the speeches off-by-heart from the pack that you will receive (alternatively you can select your own – but it must be from a published playtext or film and be 1-2 minutes in length), and consider your use of voice (volume, pitch, tone and pace) and physical actions (including body language, facial expression, gestures and movement). Once you have performed your monologue, you will be invited to discuss your passions and interests in the subject, and why you believe you will make a great Aptitude student at KC.

Music Workshop

You will be asked to perform two pieces of music on your chosen instrument / through your voice. Once your performance is complete, there will be a short interview where you will have a chance to discuss your passion for music, and what you would contribute to the musical life of Kingsthorpe College, and why you believe you will make a great Aptitude student at KC.

We look forward to welcoming you to Kingsthorpe College for the Workshop day. It is important to us that you are yourself. We hope that you enjoy your day and we wish you the very best of luck!
